### THOUGHT FOR THE WEEK

*An understanding of the hope of Christ's second coming is the key that unlocks all the history that follows, and explains all the future lessons. The voice of the true watchman needs now to be heard all along the line, The morning cometh, and also the night.'The trumpet must give a certain sound, for we are in the great day of the Lord's preparation.*

*The truths of prophecy are bound up together, and as we study them, they form a beautiful cluster of practical Christian truth. All the discourses that we give are plainly to reveal that we are waiting, working, and praying for the coming of the Son of God.*

*His coming is our hope. This hope is to be bound up with all our words and works, with all our associations and relationships. . The second coming of the Son of man is to be the wonderful theme kept before the people. Here is a subject that should not be left out of our discourses. Eternal realities must be kept before the mind's eye, and the attractions of the world will appear as they are, altogether profitless as vanity. {Mar 15}*
